Subject Index

Achyranthes aspera (Amaranthaceae), 110, 111
Acupuncture
  effects on the evoked responses of brain, spinal cord, and muscle in man, 53
  effects upon vasomotor activity of hand skin, 61
  in chronic pain, 267
  in depression, 289
  in drug dependence, 403
  in functional disorders, 281
  in hyperthyroidism, 282
  in intercostal neuralgia, 286
  in psychiatric rehabilitation, 73
  in sacrolumbalgia and ischialgia, 169
  in trigeminal neuralgia, 284
  induction of labor by, 257
  influence on closure mechanism of the female urethra in incontinence, 177
  influence on plasma levels of LH, FSH, progesterone and estradiol, 391
  inhibition of cardiovascular effects of by phentolamine, 153
  parasympatholytic-like effects of, 343
  parasympathomimetic-like effects of, 340
  sympathomimetic-like effects of, 335, 338
Acupuncture loci
  D.C. skin conductance variation at, 69
  in head and neck of pig, 87
  on extremities of pig, 91
  on trunk of pig, 93
  proposal for their classification, 183
Acupuncture needles
  new technique for insertion of, 293
Acupuncture points
  neuroanatomic description of, 188
Acupuncture research in the USSR, 204
Acupuncture therapy, essential factors in, 81
Acupuncture tonification as an adjunct in psychiatric rehabilitation, 73
Akebia quinata (Ladizabalaceae), 110, 116, 119
Ancient China, records of diseases in, 3
Anti-fertility plants, 105
Atropine, effect of acupuncture, 341
Blumea balsamifera (Compositae), 120
Book Reviews, 206
Brain, effects of acupuncture on evoked responses of, 53
Capsella bursa-pastoric (Cruciferae), 110, 112, 115
Cardiovascular effects of acupuncture, inhibition of by phentolamine, 153
Cardiovascular effects of *Gardenia florida* L. *(Gardeniae Fructus)* extract, 47
Cardiovascular function in dogs, modification by acupuncture, 333
Carthamus tinctorius (Compositae), 110, 111, 114
Cassia tora
  hypotensive extract from, 245
  induced hypotension from, 383
  seeds, 249
Chi, conception of, 369
China
  medical education in, 297
  record of diseases in, 3
Chinatown, role of Chinese medicine in, 31, 129
Chinese drugs used for treatment of jaundice, 239
Chinese medicine
  role in New York City's Chinatown, 31, 129
  theoretical foundations of, 355
Chinese motherwort, 219, 373
Ching-Lo doctrine, 365
Chronic pain, use of acupuncture in, 267
Cinnamomum cassia (Lauraceae), 110, 117, 119
Communities, organizing of for changes in health, 197
Corydalis ambigua (Papaveraceae), 110, 113, 116
Cyperus rotundus (Cyperaceae), 110, 112, 115
D.C. skin conductance variation at acupuncture loci, 69
Depression, treatment of with electroconvulsive therapy and acupuncture, 289
Dianthus superbus (Caryophyllaceae), 110, 112, 115
Diseases, records of in ancient China, 3
Dogs, modification of cardiovascular function in, 333
Drug dependence, use of acupuncture in treatment of in Pakistan, 403
Electroconvulsive therapy in depression, 289
Essential factors in effective acupuncture therapy, 81
Evodia rutaecarpa (Rutaceae), 110, 116, 119
Family planning in a Chinese-American population, 27
Functional disorders, use of acupuncture in, 281
Gardenia florida L. *(Gardeniae Fructus)* extract, 47
Ginseng, influence of on mating behavior of male rats, 163
Grants Peer Review Study Team, 201
Health, organizing communities for change in, 197
Health resources, rational social use of, 21
Herbshops in Chinatown, 33
Human implications of scientific advance, 17
Hyperthyroidism, use of acupuncture in, 282
Hypotensive extracts from the seeds of *Cassia tora*, 245
Hypotensive mechanism of *Cassia tora*, 249, 383
Immune/inflammatory reactions as factor in acupuncture therapy, 82
Incontinence, influence of acupuncture on the closure mechanism of the female urethra in, 177

Insertion of acupuncture needles, 293
Intercostal neuralgia, use of acupuncture in, 286
Ischialgia, treatment of by acupuncture and transcutaneous electric stimulation, 169
Jaundice, historical study of Chinese drugs used for the treatment of, 239
Labor induction by acupuncture, 257
Leonurine, isolation of, 377
Leonurus artemisia (Labiatae), 109, 110, 114, 219, 373
Letters to the Editor, 408, 410
Li Shih-Chen, biography of, 209
Litsea cubeba (Lauraceae), 110, 118, 120
Mating behavior of male rats, influence of ginseng on, 163
Medical education for children in China, 102
Medical education in China, 297
Medieval preparations of urinary derivatives, 347
Medullary reticular formation, involvement of in the hypotensive effect of extracts from seeds of *Cassia tora*, 383
Modification of cardiovascular function in dogs by acupuncture, 333
Muscle, effects of acupuncture on evoked responses of, 53
National Institutes of Health Grants Peer Review Study Team, 201
Neuroanatomic description of 70 selected acupuncture points, 188
New York City's Chinatown, role of Chinese medicine in, 31
Organizing communities for change in health, 197
Peripheral neural stimulation as a factor in acupuncture therapy, 82
Pharmacognosy, 105
Phentolamine, effect on acupuncture, 153, 335
Photoelectric plethysmography in evaluation of effects of acupuncture upon vasomotor activity of hand skin, 61
Pig's acupuncture loci, 87
Plasma hormone levels, variations under acupuncture stimulation, 393
Plumbago zeylanica (Plumbaginaceae), 110, 117, 120
Polygonum hydropiper (Polygonaceae), 110, 117, 121
Practitioner-patient cycle, 18
Propranolol, effect on acupuncture, 335
Psychiatric rehabilitation, acupuncture in, 73
Psychological support as a factor in acupuncture therapy, 83
Rational management of practitioner-patient cycle, 18
Rational use of health resources, 21
Records of diseases in ancient China, 3
Reflex mechanism of hypotensive action of *Cassia tora*, 249
Reticular involvement in *Cassia tora*-induced hypotension, 383
Ruta graveolens (Rutaceae), 110, 111, 118
Sacrolumbalgia, treatment of by acupuncture and transcutaneous electric stimulation, 169
Science in the contemporary world, 17
Scirpus yagara (Cyperaceae), 110, 113, 116
Social aspects of evolution in health services, 17
Sophora japonica (Leguminosae), 109, 110, 114
Spinal cord, effects of acupuncture on evoked responses of, 53
Symposium on Rational Social Use of Health Resources, 21
Transcutaneous electric stimulation in treatment of chronic sacrolumbalgia and ischialgia, 169
Sanguisorba officinalis (Rosaceae), 110, 117, 120
Temperature measurements in evaluation of effects of acupuncture upon vasomotor activity of hand skin, 61
Three essential factors in effective acupuncture therapy, 81
Trigeminal neuralgia, use of acupuncture in, 284
Urethra, influence of electro-acupuncture on closure mechanism of, 177
Urinary derivatives, 347
Urine, therapeutic uses of, 349
Urine formation, 348
USSR, acupuncture research in, 204
Uterotonic principle, 373
Vaccaria pyramidata (Caryophyllaceae), 110, 111, 115
Vasomotor activity of hand skin, effects of acupuncture on, 61
Verbena officinalis (Verbenaceae), 110, 113, 118
Veterinary acupuncture, 87
Wu-Hsing dynamic model, 361
Yin-Yang laws, 357
Yin-Yang theory, origins of, 356
Yunnan Bai Yao, 238
